**Ninth International Conference on Developments in
eSystems Engineering (DeSE'2016)**

Liverpool, UK 31st August-1st September 2016

Leeds, UK 2nd September 2016

<http://www.dese.org.uk/>

Technically Sponsored

Currently a high level of interest is being generated through the development of a wide end varied range of eSystems. There are many high profile projects, all around the world, seeking to transfer many services and facilities into state-of-the-art electronic technologies. DeSE'2016, which will be held in Liverpool and Leeds in the United Kingdom, will cover a mix of topics aimed to address current research issues in the design, engineering and adoption of eSystems.

DeSE'2016 conference comprises an exciting spectrum of highly stimulating tracks:

- Track 1: e-Learning (Technology Enhanced Learning)
- Track 2: e-Government systems, Autonomic computing and AI
- Track 3: e-Business and Management
- Track 4: e-Health and e-Medicine
- Track 5: e-Science and Technology
- Track 6: e-Security and e-Forensics
- Track 7: e-Entertainment and Creative Technologies
- Track 8: e-Networking and Wireless Environments
- Track 9: e-Ubiquitous Computing and Intelligent Living
- Track 10: Green and Sustainable Technologies
- Track 11: e-Culture and Digital Society
- Track 12: eSport and Exercise Sciences; the growing need for analytical analysis
- Track 13: e-Systems Engineering (Main Stream)
- **Special Session:** Smart Sensors and their Applications august

All submitted papers will be peer-reviewed and accepted papers published in the conference proceedings. The proceedings will be published by the IEEE Computer Society Conference Publication Services (CPS) and will appear in the Computer Society Digital Library indexed in IEEEXplore and other related indices. Extended versions of selected papers will be considered for publication in the special issue of the International Journal of Artificial Intelligence and Soft Computing.

Submission of Papers: Prospective authors are invited to submit full-length papers (not exceeding 6 pages) by 1st July 2016. Submitted papers should conform to the [IEEE format](#) and will be handled and processed electronically via [the EDAS online submission system](#). Submission implies the willingness of at least one of the authors to register and present their paper. Further details can be found at www.dese.org.uk.
